BENEFICIARY

Age 64  
Gender Male  
Status Divorced  
Employment Unemployed  
Income Zero  
Health Asthma  
Languages French  
Location Paris, France

## Story

Jean is an old man who lives in the street for 3 years after a separation with his wife and after being fired from his job because of health's problem (asthma crisis). He was a construction worker. He liked to read, but had only one book in his bag following him. He sleeps sometimes in homeless structures and sometimes in the subway. He's asking money everyday in the same place next to a jewellery's shop.
