## CONTRIBUTOR

**Age** 37  
**Gender** Female  
**Status** Married  
**Occupation** Web developer  
**Income** Low  
**Hobbies** Generative art  
**Location** Barcelona, Spain  
**Active Use** Weekly

María is a web developer. She lives next to the beach with her boyfriend who makes electronic music. She likes new challenges and contributes to different projects. She loves coding since she was a teenager and taught herself how to make websites. Contributing to open source has allowed her to work on interesting projects.

### Needs

- Recognition for her work.
- Spend time with her mother on sundays.

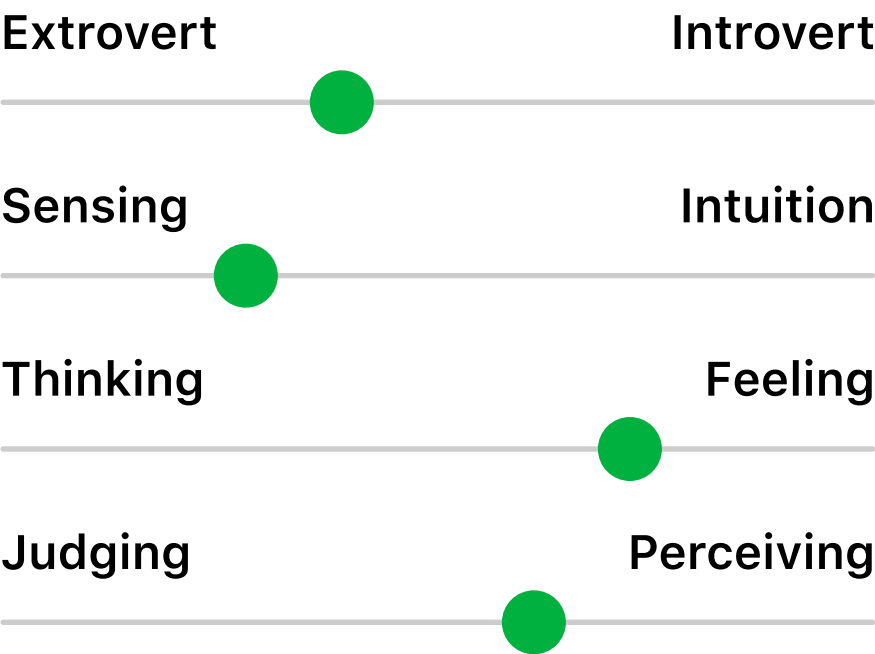

### Pain Points

- Doesn't have a diploma because she is an auto-didact.
- Explaining what she does to her family ain't easy.

### Goals

- Make a decent living from her passions.
- Contribute to projects related to environmental and social change.

### Personality

### Skills & Technical Abilities
